Celebrating art, ideas and creative study, a-n's Degree Shows Guide is a dynamic digital publication that professionally profiles the work of graduating students from universities across the UK.

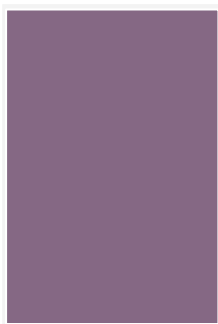

Alongside Q&As with graduating students, the guide features interviews with artists about their education and careers and is a useful resource for life after graduation.

The Degree Shows Guide is distributed to a-n's 26,000 members, plus a network of artists, curators, collectors, critics, galleries, arts organisations, students and the higher and further education sector.
